

Apologies to Mark Knopfler and Dire Straits

Compost for Nothing - Dire Straight 8 Cukes

I want my  
I want my  
I want my EBG

That ain't working  
That's the way you do it  
You plant a garden at the EBG  
That ain't working. That's the way you do it  
Compost for nothing and your veggies for free

We got to install security cameras  
Food pantry deliveries  
We got to move these red tomatoes  
We got to move these zucchini's

Now that that ain't working  
That's the way you do it  
Digging dirt at the EBG  
That ain't working. That's the way you do it.  
Compost for nothing and your veggies for free

We got to install security cameras  
Food pantry deliveries  
We got to move these red tomatoes  
We got to move these zucchini's
